The Ranch Review

EXTRA EXTRA READ ALL ABOUT IT!!!!

TEEN RANCH BUILDS NEW HOME!

Humble Beginning

Wow, what a year! 2018 ushered in the building of the 1st home on Sierra Nevada Teen Ranch (SNTR) Property. A beautiful 2800 square foot, 3-bathroom, 5-bedroom, manufactured home set on a full foundation. Water, septic, and gas hook-up have all been completed; installation of the solar system is the only remaining utility yet to be completed; then, we are ready for final inspection and a certificate of occupancy (C/O), which will happen early next year, as weather permits. SNTR also built a 400 square foot metal garage (a Washoe County requirement), which will house solar components and other ranch equipment. Watch your email for an invitation to our open house coming soon! You will want to see this...God is doing a new thing in Northern Nevada!

*Glory be to God our Father,
Our Lord and Savior, Jesus Christ, and His Holy Spirit!
Amen! And Again I say Amen!*

I also say: “thank you” to all of the supporters who have partnered with SNTR over the years and are key to making this happen. God loves you and we do too!

The Good Supply Company

2018 also brought forth a partnership between SNTR and the Good Supply Company. Through this partnership, the Good Supply company has provided nearly all of the kitchen utensils and small appliances the ranch will need; camping and recreational equipment, landscaping and gardening supplies, futons, bedding, lamps, heaters, and so much more. They have also supplied many other household items needed at the ranch. The Good Supply Company is a non-profit, 501 c 3, tax exempt organization whose mission is **“Providing Philanthropic Products for Northern Nevada’s Non-Profit Ecosystem.”** Thanks To Robbie Moen for his dream and vision.

Western Nevada Supply: Septic System

Northern Arizona Wind and Sun - 10% off entire Solar System

Anywhere Repair: In-Kind Gift - 10% off Contract Fee

Quilicy Construction - 10% off Contract Fee

Sidley & Associates – Discounted Tax Services

Quick Space:

The donation and delivery of a double ended 8X40 cargo container. This has been absolute invaluable for our storage needs. Their mission “is proud to provide solutions to the largest projects in Northern Nevada and is an integral part of the Reno/Tahoe Industrial Center: Many thanks for to the incredible sales team and the owner, Scott Offerdahl!

Sincerely, Jan & Marvin Neal
