Happy New Year

EXTRA EXTRA READ ALL ABOUT IT!!!!

TEEN RANCH BUILDS NEW HOME!

Humble Beginning. Wow, what a year! 2018 ushered in the building of the 1st home on Sierra Nevada Teen Ranch (SNTR) Property, 2019 saw it established: A beautiful 2800 square foot, 3-bathroom, 5-bedroom, manufactured home set on a full foundation. Water, septic, and gas hook-up have all been completed; installation of the solar system is the only remaining utility yet to be completed; then, we are ready for final inspection and a certificate of occupancy (C/O), which will happen early this year, as weather permits. SNTR also built a 400 square foot metal garage which will house solar components and other ranch equipment. Watch your email for an invitation to our open house coming soon – this event will be for donor’s only! You will want to see this...God is doing a new thing in Northern Nevada!

*Glory be to God our Father,
Our Lord and Savior, Jesus Christ, and His Holy Spirit!
Amen! And Again I say Amen!*

Thank you SNTR supporters for co-laboring with God to make this happen.

*Lord, Bring It On!
Happy New Year....*
